WORK EXPERIENCE

Product Designer & UX Researcher
January 2024 – Present

Metzler GmbH · E-commerce, Multiple websites

- Lead initiatives to enhance multiple websites.
- Define OKRs and KPIs to inform design decisions and prioritize enhancements.
- Leverage GA4, Matomo and Hotjar for quantitative and qualitative analysis; augmented with AI analytics for faster pattern recognition.
- Use ChatGPT, Claude, Gemini, Google Stitch and Figma Make for research synthesis, documentation, UI generation and rapid prototyping through to design-to-dev handoff.
- Conduct moderated and unmoderated user interviews to uncover deep insights into user behaviour.
- Develop user personas and user flows. Conduct A/B testing.
- Work closely with developers and product manager to align on both business and UX aspects.

KEY ACHIEVEMENTS

- Enhanced conversion rates and improved user engagement across multiple e-commerce platforms.
- Reduced research synthesis time significantly by integrating AI tools into the UX workflow.
- Built and maintained effective cross-functional collaboration between UX, product, and engineering.

Doctoral Researcher
October 2020 – June 2025

University of Vienna

- Conducted comprehensive research with an academic background of MA and Ph.D.
- Collected and analyzed data through surveys and interviews to derive valuable insights.
- Utilized critical thinking and analytical skills to address complex research questions.

SELECTED PROJECT

UX/UI Designer – Project
May 2023 – Sep 2023

CareerFoundry · Denj, Interior Design App

- Prioritized human-centered design process to create a responsive web app for comprehensive interior design solutions.
- Created user personas, user journeys, and sitemaps; established a design system with high-fidelity wireframes and prototypes.
- Validated design choices through usability and preference tests.

EDUCATION

Ph.D., Cognitive Psychology & Psycholinguistics
October 2020 – June 2025

University of Vienna, Austria

UX/UI Design Certification
April 2023 – Sep 2023 (~900 hrs)

CareerFoundry, Germany
